RAYMOND TEAL AND BIG SONG SHOW TO RETURN HERE MONDAY

Producer Of The Best Musical Shows Bisbee Ever Saw Now In Douglas. Will Be Two Weeks At Orpheum

Raymond Teal, the promoter and director of the best musical show Bisbee ever saw, is now playing in Douglas and will conclude his stay there the end of the week and open at the Orpheum next Monday. Teal, driving a new Maxwell automobile, was a visitor in Bisbee yesterday.

In speaking of the general situation in the state, over which he has made many trips and especially in the last few weeks, Teal is most enthusiastic. "The state is very prosperous but Cochise county, Bisbee and Douglas lead the balance. We are enjoying an excellent patronage in the big smelter town and feel sure that we will be accorded the same kind when we return to Bisbee next Monday."

The International, in speaking of the Teal show, has the following to say:

"Raymond Teal's Big Song Show scored another success last night in their new bill, 'Lost, Strayed or Stolen,' and as usual were greeted by a packed and enthusiastic house."

"Mr. Teal himself made the biggest hit of the evening in his song number, 'Dreaming,' in which he was assisted by the Teal Duettings. He interpolated several verses and so vociferous was the applause that he was compelled to respond to five encores."

"The comedy element in the play is abundantly taken care of by Fritz Fields, Roy Kinslow and Claude Kelley, while Madeline Rowe, Hazel Lake, Pansy de la Cour, Homer Long and Roy Kinslow all have musical numbers that delight the auditors."

FIRST RUN COMEDIES OF CHAPLIN BEGIN AT ORPHEUM THEATRE

Tonight The Brewery Gulch Show House Will Start The First Of Chaplin's Big Fun Productions

Beginning tonight the Orpheum theatre will start an innovation in motion pictures, unheard of in local or state-wide picture show circles heretofore. The local theatre will be the first show the Mutual, Chaplin Comedies and will show them at the same time the first run houses on the coast are handling these great drawing cards.

Chaplin is under a \$675,000 contract with the Mutual people and his comedies are known wherever films are displayed. Chaplin has a following all of his own and draws packed houses when other features fail.

The comedian's re-appearance in the Warren District in new 'stuff' and first run material will meet with popular approval. "The Fireman," in two reels, will be shown in addition to the regular Orpheum program.

GERMANS CHECK RUSSIANS.

(By Review Leased Wire.) LONDON, June 21.—The official communications issued today by the German, Austrian and Russian war offices all indicate that, as has been anticipated, the Germans are making a determined effort to resume the initiative lost by the Russian General Brusiloff's drive and create a diversion by a strong attack on General Kuropatkin's armies in the north, especially in Volynia on the Stry and Stokhod rivers, in an effort to prevent the Russians receiving reinforcements.

BACTERIOLOGIST OF STATE LABORATORY VISITS THE DISTRICT

Miss Jane H. Rider Consults With County And City Health Officials Upon Matter Of Prosecution

For the purpose of aiding the county and city health officers in their crusade against poor milk and other products Miss Jane H. Rider, assistant to the director of the state Bacteriological Laboratory, is spending several days in the Warren District. The city and county health officials, Dr. C. H. Hunt and Dr. R. E. Herendeen, are anxious to see court actions taken in regard to several alleged infringements of the state laws on sanitary conditions. Miss Rider is aiding the local authorities with evidence and in framing the prosecutions.

The visiting bacteriologist is also aiding the city physicians of Bisbee and Douglas in drafting the ordinance under which the city bacteriologist of Bisbee and Douglas will operate, and it is also being consulted with regard to some proposed ordinances upon the subject of impure milk.

Miss Rider is known all over the state as one of the most efficient members of the public health staff. With the chief of the laboratory, Dr. C. A. Moser, her work has become particularly well and favorably known in not a few communities during the past several months.

Germans explain establishment of a large branch of the Krups at Munich as necessitated by "military considerations," it being advisable to decentralize the manufacture of guns and munitions.

BISBEE MEXICANS TO BE FULLY PROTECTED

Authorities Will Provide Ample Safeguards In Case Of War With Mexico

Local authorities are doing their best to counteract the effect of a rumor which has prevailed, through out the Warren District that Mexican residents will be subject to annoyances in case of war. There have been cases already of men leaving their employment for fear of being disturbed.

Mexican residents will be accorded the same degree of protection as others in the event of war with Mexico. Their lives and property will be surrounded with the same safeguards as have always existed. Men will not be disturbed in their work, and the police and municipal authorities will be especially vigilant in looking after the best interests of Mexican residents. Trouble can arise only in case the Mexicans themselves engage in disorderly conduct.

German historian Diercks urges Spain to join the central powers and demand Gibraltar from England, "who wrongfully took it from her." Bulgarian-Rumanian border has been closed to passengers and merchandise to mask troop movements.

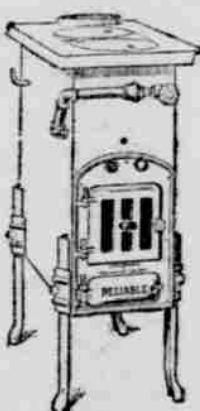

In thousands of homes the gas range has made home tasks easier.

It has multiplied the moments of leisure.

If you are not enjoying the conveniences which come with the

use of gas, now is the time to start.

BISBEE IMPROVEMENT CO.

Gas Fired Tank Water Heaters

This heater attached to your boiler will provide Hot Water for the whole family throughout the year. Moderate in price and gives a wealth of comfort. See it connected for demonstration at our store.

SONORA TROOPS SWARM ALONG RAILWAY

From Agua Prieta To 75 Miles South, Calles Men Act Warlike. Assist Americans Across

(By Review Leased Wire.)

DOUGLAS, ARIZ., June 21.—Mexican soldiers, in larger numbers than ever noticed before, are being concentrated at points along the railroad leading from the border here to Nacozari, 75 miles south, according to the statements of American mining men arriving here today from El Tigre, Mocetzuma and other points in Sonora, south of here.

The Mexican forces, according to the arrivals, apparently were making every preparation to resist a possible advance along the railroad by soldiers of the United States in the event of hostilities. Many of the score or more of Americans who arrived from the mining camps of Sonora were searched three or four times by Mexican officers before reaching the border.

Sixteen American employees remained at the El Tigre mines yesterday when the majority of the employees departed, but they were to leave there today in two automobiles and were scheduled to reach here tonight or tomorrow. A few citizens of the United States remain at scattered camps south of the railroad but most of them were expected to reach the border within a day or two.

Approximately 100 Mexicans, including a dozen or more women, arrived here today from Mexico. United States soldiers on patrol duty at the gate allowed 150 bales of hay to cross to Agua Prieta for the horses of Mexican cavalry. However, the consignment was not allowed to pass by the soldiers until the commanding officer sent his approval.

LAREDO DE FACTOS LINE UP FOR WAR

Crossing Of Americans Will Mean War, Says General Nafarrete

(By Review Leased Wire.)

LAREDO, Tex., June 21.—Circulars were posted in Nuevo Laredo, opposite here today, signed by General B. P. Nafarrete at Tampico, date June 17, in which he acknowledges superior orders that if American troops crossed the border it would be a declaration of war and that his division would attack any invaders. He admonished the citizenry to be orderly in case of such an attack.

All citizens are called to report for military service otherwise they will be treated as traitors. "Non-combatants," the circular reads, "will be given protection, but those carrying arms will be given no quarter."

BANDITS IN TWO STATES JOIN CARRANZA

(By Review Leased Wire.)

EL PASO, Tex., June 21.—Mexican Consul Garcia said tonight that a message from Mexico City has been received which stated that the rebels in the states of Satecas and Coahuila had given up their fight and joined the Carranza government.

MANY AMERICANS OF CANANEA MISSING

(Continued from Page 4)

Intendant of the Cananea Cattle Company, who was heard from Tuesday night at Magdalena. His whereabouts at the present time are unknown. He has several American cowpunchers at and near Cananea who are also waiting his orders and who have not left the country.

The Americans yet in that particular section, at last reports, are: Charles Wiswall, superintendent of the Cananea Cattle Company; A. L. Houck, James Contreras, Archie Smith, Joe Rhodes, all of the cattle outfit; D. O. Watson, wife and four children, who operate the Sonora saddlery; Lee Hudsap, connected with the Democrata Mining Company; John Joe Egan, John Kelly, Colonel Saunders, Jack Molinaux, and Lee Whitner, all four of whom are in the Mexican mountains about 20 miles from Cananea. There are six other foreigners in Cananea two Frenchmen, one Dane, two Italians and one Englishman.

Killed or Lost. That the party of five Americans, who left Cananea Monday night on foot for the border, with a burro carrying their provisions, are either lost or killed, is believed by the refugees from Cananea. The party started through the Ajo mountains and have not been heard from at last reports.

The party consisted of George Prince, superintendent of the smelter, whose home is said to be in San Diego; A. D. Wilkinson, assistant superintendent, whose home is in Las Cruces, New Mexico; Jack Galliard, who lived at Warren at one time and who has worked for F. L. Williams, agent for the Southwestern in Bisbee; Harry B. Thurston, El Paso, and a man by the name of Dan Carter.

Naco, Arizona, is the quietest place on the Mexican border. From every outward appearance there is no semblance of trouble there and few or no troop movements are being made.

Moreno in Charge. Severiano Moreno has been made intervener for the Cananea Consolidated Copper Company or, in other words, placed in charge on Tuesday and the entire plant and mines placed in his hands.

SAN DIEGO BATTERY TO NEARBY FRONT SAN DIEGO, Cal., June 21.—The Twenty-eighth company, Coast Artillery, received orders late today to be ready to move to the border, 17 miles below here, on a moment's notice.

MACHINE GUNS ON EL PASO BRIDGES

EL PASO, Tex., June 21.—Machine guns were placed on the American side of the two international bridges here tonight an dthe military guard was doubled. Few persons crossed the river in either direction during the night and there was no disturbances.

CHINESE LOSSES HEAVY AT NOGALES

NOGALES, Ariz., June 21.—Three Chinese merchants who left Nogales Sonora, today for the Orient by way of Tacoma and San Francisco under bond, estimated that the loss to the Chinese colony in the Mexican town through seizure of their goods by Carrancistas at \$60,000.

Here's A 'Tip' On Rheumatism Follow It

AN ACCURATE DESCRIPTION

When your arm or your leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pains accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "tied up" the strands of muscles in your body, or strangling the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local applications such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood purifier that is now easing the pains and healing the ill of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly, as eagerly and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every nook and corner of the body, and chasing the troublesome substances and "filth" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But if in addition you should like to have the advice of the doctors in charge of our laboratory, do not hesitate to write us. You will receive free, conscientious and confidential advice. This is in line with our policy to make every effort to insure the best results from S. S. S. to every sufferer. Get a bottle at your druggist's today. If you wish special advice, write to Medical Department, Room 45, Swift Specific Company, Atlanta, Georgia.

The Factory Behind the Food

More than forty different kinds of corn flakes were prepared experimentally before New Post Toasties were finally developed to perfection. As a distinguishing feature, note the tiny bubbles on each flake—raised by the quick, intense heat of a new, patented process of manufacture.

New Post Toasties are the first corn flakes with a self-developed flavour—the full, true flavour of choice white Indian Corn—unlike common "corn flakes" that depend largely on cream and sugar for their palatability.

Try a handful dry—this simple test will demonstrate the delicious new flavor. But the flakes are usually served with cream or rich milk.

New Post Toasties do not "chaff" or crumble in the package, and they "stand up" when cream or milk is added. They're untouched by human hands and put up in moisture-proof packages to preserve their oven freshness until served.

Try some of the

New Post Toasties

At your grocer's now.
